Cornerstone Ceremony At Community College Set For Saturday Afternoon

Grand Lodge of Masons To Perform Rite At New Compus Location

The cornerstone will be laid for both of the new buildings at the college, the vocational and techni-cal training building which was completed last spring and into which the college moved during the last several months of the spring semester, and the new learning resources building which is still under construction and which is expected to be completed by the end of the year. This building will include the library, child development training center student center and additional class-

Participating in the ceremony besides the grand lodge officers will be Elko Commandery, Knights Templar, which will provide the escort for the grand lodge officers, and the Elko Shrine club which will provide the escort for the colors. All members of Elko lodge F, and A.M. have been asked to attend. All lodge groups will be

in full regalia.

The Saturday ceremony and dedication is an historic landmark in the founding and development of the community college system in Nevada. Establishment of the first college in the system at Elko has been due to the fireless effort of a number of community leaders who obtained the moral and financial support of the community in what sometimes seemed an almost hopeless task.

Laying of the cornerstone for the Northern Nevada Community College buildings and dedicating College buildings and dedicating them to the Community College division of the University of Nevada, will take place at the new college campus, 901 Elm street Saturday afternoon at 2:00 p.m.

The traditional cornerstone lay-

ing ceremony will be performed by officers of the Grand Lodge, Free and Accepted Masons of Ne-vada with Lee Griswold of Eureka county, worshipful grand master leading the lodge ritual.

Griswold will be assisted by

other grand lodge officers from other grand lodge officers from all sections of Nevada including Duane Laubach of Henderson, Ne-vada, grand orator, who will de-liver the oration and by Grand Chaplain William Hill of Amity Lodge, Gold Hill who will open and close the ceremony. and close the ceremony.

Among the dignitaries expected to be present for the ceremony are members of the board of regents from various parts of the state, presidents of the four divisions of the university, including N. Ed Miller, who is retiring October 14 as president of the Reno branch of the university. Numerous other state and local dignitaries will also be present.

Still a potent local force in bringing about development of the college in Elko is the Elko college advisory board, members of which will also be among the of-ficials on hand for the Saturday ceremony.

The public is invited and urged to attend the ceremony.

At top is the state planning board's sign designating the Elko Community college (now Northern Nevada Community College) building project for the first building erected in the new Nevada community college program while in the background can be seen portions of the new building at which cornerstone laying ceremonies will be held Saturday afternoon at 2:00 p.m. Below is a close-up of a portion of the new building showing the walkway and entrance between the classroom and shop sections of the vocational-technical building which is now in use at the college. A second building is soon to be completed on the campus.

Masons Conduct Historic Rite 9/13/73 At Community College Campus

Masons laid the cornerstone for pus at 901 Elm street.

Conducting the traditional cornerstone rite was Lee Griswold, Eureka county rancher and Elko county native, worshipful grand master of the grand lodge. He and his fellow grand lodge officers proceeded with the ceremony at the request of Harold Jacobson, chairman of the board of regents of the university, members of which were in Elko for a meeting Friday

and a number of whom remained

over for the Saturday ceremony. In attendance were members of Elko Lodge No. 15, F. and A.M., the Elko Shrine club and Elko Commandery, Knights Templar. Participating in spreading of the mortar for the stone were, in addition to the grand master, Chairman Jacobsen; Chancellor Neil Humphrey of the University of Nevada; Presidents N. Edd Miller of UNR; Donald H. Baepler, acting president of UNLV;; Ward, president of the Desert Re-search Institute, a division of the search institute, a division of the university; Charles R. Donnelly, president of the community college division, and Dr. William J. Berg, executive vice president in charge of NNCC.

Numerous state and local dignitaries were present for the cere-mony which was attended by nearly 200 people.

The event had historic significance because, as Chairman Jacobsen pointed out, it was almost 100 years ago to the day that the cor-nerstone was laid in the new University of Nevada building erected in Elko where the university got its start. It also marked the culmination of a sustained effort on the part of the citizens of Elko, led by a group of enthusiastic and determined local leaders, to bring

A history making event took about establishment of the complace in Elko Saturday afternoon munity college in Elko, the first when officers of the Grand Lodge institution of its kind in the state of Nevada, Free and Accepted and which has now been expanded to a statewide program the Northern Nevada Community ranking as one of four main divi-College buildings on the new cam-sions of the University of Nevada,

Cornerstone Ritual Slated at College

Cornerstone and dedication ceremonies are to be conducted by state-level officers of the Nevada Masons at 2 p.m. Saturday on the new campus of Northern Nevada Community. Col. ern Nevada Community Col-lege, according to Dr. William J. Berg, executive vice presi-dent of the facility.

Dr. Berg reported the first of two new buildings on the campus was completed last spring, and was complete last spring man the second of the new structures is scheduled for completion by Sept. 21. He said the dedication ceremonies will be for both buildings; and he noted the public is invited to attend the Masonic

Lee Griswold of Eureka, a member of Masonic Lodges in both Elko and Eureka, will be

the presiding officer at the event in his capacity of Most Worshipful Grand Master of Free and Accepted Masons of Nevada.

The cornerstone ceremony has been scheduled for Saturday to coincide with the annual meeting in Elko of regents of the University of Nevada System. The regents are scheduled to arrive here on Friday and to conduct a closed personnel session Friday afternoon and a public meeting on Saturday at the col-

lege campus, 901 Elm St. Neil Humphrey, chancellor of the university system, said the regents plan to recess their meeting at 2 p.m. Saturday for the Masonic dedication ceremony and to resume their business seesage of the their business seesage of the the corner. ness session after the corner-stone ritual is concluded.

Academic Scholarships Available 22-2-73

Academic scholarships pro-vided by the University of vided by the University of Nevada Board of Regents are available for new and continuing students at Northern Nevada Community College. Scholarship awards are based on academic attainment, finan-cial need, oreative potential and individual cases of hardship and need, an NNCC spokesman said today.

Regents' scholarships cover registration fees only, which is \$8 of the \$10 cost per credit hour. Students attending full-time (16 credit hours per semester may receive up to \$256 per academic

year.

Northern Nevada Community
College's scholarship committee gives strong consideration to
students who need help but do
not qualify for other forms of
financial aid at the community
college, the spokesman noted.

Students planning to enroll for
the Spring semester are encouraged to apply immediately by

aged to apply immediately by contacting the Student Services at Northern Nevada Community College, the spokesman con-cluded.

College Child Center **Operation Under Way**

The Child Development Center at Northern Nevada Community College has been in full operation in their new facilities for the past two weeks, it was announced today by Dr. William Berg, Executive Vice-

President.
John Nield, director of this program, indicated that the center is part of the child development program at the college and enrolls children college and enrolls children between the ages of three to five years. These children participate with college students and the child development staff in pre-school learning experiences. The college wishes to emphasize the enrollment of normal children since the center has been confused with the Elko Developmental School which works with handicapped children.

Besides the new facilities, there have been two changes in the program. Due to the increased enrollment in the child development courses by college students, parent involvement is no longer required as it has been in the past. The other change in the program is a new supervisor and teacher, Mrs. Dianne White.

Nield indicated there is room for a few more children in the center, and any pre-school child three years or older is welcome to enroll. Anyone interested in the program is invited to visit or telephone the college for more information.

Open House At College Sunday; Displays Arranged

An open house has been schedul-ed at Northern Nevada Communi-ty College from 1:30 to 4:30 p.m. on Sunday, May 5, it is announced by Dr. William Berg, executive vice president of the college.

The public is invited to visit the college and view the buildings, see the new equipment and facilities and meet members of the staff.

Special displays have been arranged and will include arts and crafts including a potter's wheel in operation and a health occupations display.

Every department will be open for inspection and refreshments will be served to all who attend.

ello Daily free Press 4-17-74 College Campus Day Set

As a part of the activities scheduled for "NNCC Week," curently in progress at Northern Nevada Community College, Nevace Community College,
"Campus Day" will take place
tomorrow from 1-5 p.m.
Through participation in
"Campus Day" activities, it is
hoped to acquaint high school
students (seniors and juniors)
attending Northern Nevada
high achools with the college's high schools, with the college's facilities, faculty and student

body, a college spokesman said.
Tours of the campus, a student
assembly, introduction of
faculty and associated student
body members are a part of the

body members are a part of the events scheduled. Some of the schools participat-ing this year are: White Pine, Wendover, Battle Mountain, Winnemucca, McDermitt, Owyhee and Elko. Parents are encouraged to

attend if they so desire, the spokesman concluded.

Eine Roily Lie Puss Campus Day At College A Success

More than 120 northern Nevada high school juniors and seniors yesterday turned out for Northern Nevada Community College's annual Campus Day, according to Dr. William Berg, executive vice-president. He and other faculty members

said they were pleased at the turnout and stated it was the largest group to ever visit the campus for the annual event.
Students from Winnemucca,

Students from Winnemucca, Carlin, Elko, Eureka, Owyhee, Wells, Wendover and White Pine toured the NNCC facilities. They were also introduced to faculty and associated student body mem-bers and learned of the various courses and programs offered at the college.

Opening Activities Set On New College Campus

Opening activities for the upcoming school year at North-ern Neyada Community College are scheduled to start tomorrow at the school's new campus, according to William J. Berg, newly appointed executive vice president at the institution.

Tomorrow has been designated as orientation day at the Elko college, during which all new students have been invited to attend freshman orientation on the campus.

Jerry Kramer, director of stu-dent services, said student body and administrative officers will be on hand to greet students and assist in the orientation prog-ram, which is scheduled from 9 a.m. until 5 p.m. Members of the faculty also will participate in the days activities.

Kramer also will administer "career planning profile" examination beginning at 12:45 p.m. tomorrow; and he noted all full-time regular students at the college will be required to take this examination, beginning with the fall semester this year.

He said the four-hour test is not given to screen out or reject not given to screen out or reject students, and explained there is, no way to fail the exam. He said the purpose of the examination is to assist students in the field of career guidance; and he noted a cost of \$4 is assessed for the test.

Registration for the new semester will begin at 8 a.m. Friday; and the first classes are slated to start on Monday.

Kramer said the registration schedule has been set from 8

a.m. to noon, from 1 p.m. to 5 p.m. and from 6 p.m. until 8 p.m. on Friday. Courses are offered in 13 uni-

versity parallel classes, 10 occu-pational courses, a variety of topics in the adult education division and several specialized courses in the category of developmental education.

The university parallel

classes include agriculture, anthropology, art, business, English, history, humanities, life sciences, mathematics, physical sciences, political science, psychology and sociology.

Occupational courses listed include agriculture, automotive; business, corrections, construction, drafting, electronics, home economics, law enforcement and nursing.

Wells Prigued - 2-15-74 148 Fleischmann **Scholarships Told**

CARSON CITY - The Nevada Department of Education announced that approximately 148 one-year Max C. Fleischmann scholarships for college study are available for Nevada High School seniors for

the 1974-75 school year.

This program, administered by the Department of Education, is designed so that every high school in Nevada is allotted at least one scholarship. Scholarships are allotted to the larger high schools on the basis

of senior student enrollment. Selection of scholarship recipients in each school will be made by a Faculty Scholarship Committee of the school, and to allow student participation and provide maximum information, the student body president, student body secretary and the president of the senior class will be appointed as consultants to the faculty committee. Applicants are required to attain a score in the Scholastic

Aptitude Test or the American College Test, which indicates ability to do college work.

Because students are competing for scholarships only against other students in the same school der the same grading system, high school grades during the senior year are considered another valid selection criteria.

Personal qualities such as rersonar quanties such as conscientiousness, responsibil-ity, honesty and desire for col-lege study will be considered, as will the financial need of the applicant, however, financial need is not a requisite.

To be eligible for considera-tion for a Fleischmann Scholarship the student must be a resident of Nevada; be attend-ing a Nevada high school with graduating senior status; or have been graduated from a Nevada high school at mid-year during the current school year.

Application forms are available at all Nevada high schools and must be submitted to the Faculty Scholarship Committee of his or her high school not later than April 1, 1974.

College Scholarship Announced

A \$100 scholarship is being offered by the Sagebrush Chapter of the Nevada State Employee's Association for next semester at Northern Nevada Community College, according to Hishway District Employer. to Highway District Engineer, Owen Joseph.

Those senior students who will be considered as eligible in the selection must be members of families of SNEA members and must attend an Elko County high

school, Joseph said.

Applications will be received by chapter president Kim Koenig, P.O. Box 1951, Elko, until the deadline date of June

The winning applicant will be selected from the list of entries by a Scholarship Board headed by a Scholarship Board headed by Robert Kerth, principal of Elko High School; Al Garamendi, State Parole Officer; and Mrs. Ruth Roseberry, former Elko County Junior High School instructor. 4-16-174

University Regents exist To Meet Tomorrow

Regents of the University of Nevada System were scheduled to arrive in Elko this afternoon for an annual session of the board at Northern Nevada Com-

munity College.
Neil Humphrey, chancellor of the system, announced a public the system, announced a public meeting of the regents is slated to start at 8:30 a m. tomorrow at the new college campus and is expected to continue through

most of the day.

The session will be recessed at 2 p.m. tomorrow for cornerstone and dedication ceremonies for the two new buildings momester the worker business on the college campus, to be conducted by state officers of Nevada Masons with Grand Master Lee Griswold of Eureka presiding.

Another item on the agenda of

interest to local residents will be an appearance scheduled at 11 a.m. tomorrow by Mrs. Tom Gallagher of Elko, who requested time to discuss with regents disciplinary problems at Nye Hall, the largest student

dorinitory at the Reno campus of the university.
During a closed personnel session this afternoon, the regents were expected to name an acting president for the Reno campus to fill in for Dr. N. Edd Miller, who recently resigned to take a similar receitor next month in similar position next month in

Other agenda items include matters related to the Las Vegas campus, the Desert Research campus, the Desert Research Institute and the statewide com-munity college division, Humphrey noted. Representa-tives of each of the four major divisions of the university are expected to be in attendance at tomorrow's public session.

VA Benefits At College Announced

Northern Nevada Community College invites all veterans to take advantage of Veteran Edu-cational Benefits, Dr. William Berg, executive vice president said today.

Benefits entitle veterans to

Benefits entitle veterans to \$220 per month full-time, plus more for dependents. Northern Nevada Community College is fully approved and accredited by the VA and offers both academic and occupational programs, many of which apply to four-year degrees, Berg noted.

Student enrollment will be open until Friday, Feb. 1, 1974.

Heart Association Is Planning Rummage Sale As Fund Raiser

The Elko Heart Association will hold an Arts and Crafts "Handicraft Rummage Sale" to raise funds for the local drive, according to Brigitte Rockwell, special events

The sale is planned for Friday and Saturday, February 22 and 23 in Rooms 6 and 7 at Northern Nevada Community College. It will be held from 9:00 a.m. to 5:00 p.m. both days.

Mrs. Rockwell stated the association will accept any handicraft donations such as decoupage, modpodge, wood burnings, collages, paintings, homemade picture frames, crocheting, embroidery, stuffed animals leather crafts of all kinds.

All items will be labeled and registered and those not sold will be disposed of at the donor's re-

To have items picked up, call Mrs. Genie Goicoechea, 738-3043 Mrs. Rockwell, 738-7830. Other Activities

In another Heart Association activity, the phonocardioscan program will be conducted on April 22 at schools in Elko, Carlin, Wells and Owyhee, announced by Jean Hunter, chairman.

Charles Ballew, unit chairman for the association, stated Heart Sunday will be held February 24 rather than another date previously announced,

SHOWN GIVING BLOOD at the fall visit of the Red Cross Bloodmobile is Charlotte Williams of Elko. She is shown with G. Gardiner, registered nurse from Salt Lake City. The bloodmobile will be in Elko from 3-8 p.m. tomorrow and 9 a.m. to 2 p.m. on Thursday at Northern Nevada Community College. Those needing transportation to the Bloodmobile may call 738-6180, 738-7807 or 738-7749.

A TOTAL OF 115 pints of blood were donated by Elko County residents yesterday during the Red Cross blood bank located at Northern Nevada Community College. According to John Lundeen, coordinator of the bloodmobile, the turn-out was larger than usual yesterday and this morning and noted it is hoped a total of 200 pints would be collected before the bloodmobile left this afternoon. Leslie Sharp of Wells gave blood yesterday and is shown with G Gardiner, R.N., from Salt Lake City.

Nursing Group Plans Workshop

The Nevada Nurses Association is sponsoring a workshop entitled "Infection Control" from 8 a.m. to 5 p.m. June 21 in the conference room at Northern Nevada Community Col-

Guest speakers will be Ada Nordquist, R.N., a nurse epidimiologist consultant with the Intermountain Regional Medical Program in Salt Lake Medical Program in Salt Lake City and Sego Matsumiya, R.N., also a nurse epidimiologist with the Veterans Administration Hospital in Salt Lake City. Le Nore "Adams, a laboratory technologist with the University of Utah Medical Center is also

scheduled to speak.
All registered nurses and licensed practical nurses are invited to take part in the work-shop. A \$5 fee for members of their respective professional organizations will be charged the day of the workshop and a \$7 fee for non-members. Further information may be

obtained by calling 738-7211, ex. 26 or the Nevada Home Health Service, 738-5221.

Bloodmobile Tonight, Tomorrow

Elkoans were reminded today the Red Cross Bloodmobile will be at Northern Nevada Com-munity College until 8 tonight and from 10 a.m. until 2 p.m. tomorrow. John Lundeen, coordinator, pointed out the starting time tomorrow is changed from earlier announcements.

Lundeen also noted those who

desire transportation to the Bloodmobile, may call 738-6180, 738-7807 pr 738-7149. Cuto Maria Jun Paus 74

Clossity two Mess. 3-12-75 Enrollmen at Elko College Hit 957

Spring enrollment at the Elko campus of Northern Nevada Community College has increased to 395 students, up from 235 a year ago, and the participation in off-campus programs and adult basic education have expanded the college's total enrollment to 957 people, according to William Berg, executive vice president.

Dr. Berg noted the full time equivalent measurement of student enrollment on the main campus this soring stands at 179.

campus this spring stands at 179,

campus this spring stands at 179, up sharply from the FTE figure of 131 registered last spring.
The off-campus enrollment includes 288 students taking various college-level courses in five other northern Nevada communities, representing an FTE level of 49. These figures compare to last year's off-campus enrollment of 77 students in three communities, representing an FTE of 20.

three communities, represent-ing an FTE of 20.

This year the greatest off-campus enrollment is for prog-rams being conducted in Win-nemucca, where 128 students are signed up for 375 credit hours, to account for an FTE of 23. The counts were age at Win-

hours, to account for an FTE of 23. The count a year ago at Win-nemucea was 26 students and an FTE of seven.
In Ely, 77 students are enrol-led in 215 credit hours for an FTE of 13. The enrollment there has increased from last year's level of 42 students and an FTE of 11.

Wells this spring has 12 stu-dents enrolled in 36 credit hours for an FTE of two, up slightly from last year's count of nine students and an FTE of 1.7.

New programs have been started at McDermitt, where 30 students are enrolled in 101 credit bours for an FTE of six, and

dit hours for an FTE of six, and at Owyhee, where 21 students signed up for 63 credit hours, representing an FTE of four. Berg reported the adult basic education programs here in Elko and in three other communities are being offered to a total of 294 students, an increase show the earnilment of 216 last. above the enrollment of 216 last

spring.

He noted the adult figures include those registered in three fundamental programs. Adult Basic Education, English as a Second Language and Right to Read. None of the courses included is offered for college

The adult program includes 204 participants in Elko, 25 in. Owyhee, 40 at Jackpot and 20 at Battle Mountain.

Dr. Berg noted the enrollments resulting from the various courses being offered during the "afternate semantarily" the "aiternate semester", for which registration is being con-ducted on the Elko campus this week, and increased participa-tion in several of the off-campus programs are expected to push the student total above the 1,000 mark before the end of the spring semester.

A SIX-INCH REFLECTING TELESCOPE has been set up on the second floor of the Learning Resources Building at Northern Nevada Community College to observe the Kohoutek comet. Ren Wilson, physics and math instructor

at the college, shows these youngsters how to use the telescope. Pictured from left are Karen and Susan Emerson. Wilson, Kelly and Dale Jensen.

fall semester is nearly complete and courses will be available in all areas: university transfer, communicent ar

more flexibility in serving a great-er variety of students," Berg ex-

Non-traditional education is becoming a way of life at Northern Nevada Community College.

Once again this year the college will depart from traditional college scheduling and begin a new semester next month, offered as an alternate semester.

Veterans are a group served by the alternate semester. Berg said returning veterans or those discharged after the fall semester begins can start using their VA benefits almost immediately with the alternate semester.

The older are a group served by applicable.

Tution for the alternate semester is the same as for any regular semester.

The college maintains an open door policy, admitting any high school graduate or adult capable and the proposition from continuing education.

ster next month, offered as an attenue semester.

The alternate semester cuts this ster currently underway.

Dr. William Berg said class scheduling for the 1973 alternate and continuous enrollment," he ex-

ran semester is nearly complete and courses will be available in all areas; university transfer, community service, and developmental skill building.

"The alternate semester gives us "The alternate gives "The alternate gives "The alternate gives "The alternate gi rolled students who wish to take additional classes.

The alternate semester functions somewhat as a "semester within a semester." Beginning mid-fall, it covers 12 instructional weeks and ends in time for students to register for the spring semester.

Individual class meetings are lengthened due to the accelerated time period. However, all classes carry a full college credit and cover the same content required during regular semesters.

All student services are open to alternate semester students.

college offers financial aid to quali-fied students, including scholar-ships, grants, loans, work-study, assistance, and part-time employ-ment. As well, national guard assistance and VA benefits are

of profiting from continuing education. Two-year associate degrees are offered in the arts, general studies, and applied science.

Dr. Berg said students interested in the alternate semester should

apply now at the college or call 738-8493 for information.

Elko Daily two Piess 1-8-74 lko ommunity Report By Charles Greenhaw Elko Community College

On the Campus: "Perhaps it would have been better if we could have given it a more fitting name," says John Nield, an ECC psychology instructor whose main interest is child behavior. Nield was, of is child behavior. Nietd was, of course, referring to ECC's Child Development Center, that colorful, bustling complex in rooms 10 and 11. "A lot of people," Nield believes, "have got the idea that the CD center. is just another day-care facility. But it's a lot more than that."

than that."

Actually, the child development program at ECC is an integrated series of courses and activities designed to help college students and parents better understand why a child behaves the way he does. For the college student, who may some day work with who may some day work with pre-schoolers, there are courses that deal with the outstanding theorists in the field. But there are also courses in which the student observes and works directly with children — and their

families too.

'We want students to learn from the theorists, but we also want them to see the child in action," says Nield. "We want students to know what a child gets out of his behavior - say, for example, temper tantrums." When a child throws a tantrum, he's probably been educated to do it. Somebody has fed into this behavior by giving the child what he wants. The result: negative behavior hasn't been modified. In the practicum courses, students learn not to feed negative behavior. They learn something very difficult—to ignore it."

Parent education is also a part of the program. In a course called "Individual and the Family", the focus is on child and parent interactions. A part of the course is "Family on Focus." Families

bring children to the center; and learn the why's of child behavior. But more than that, they begin to understand how they themselves feed negative and positive behavior. For example, parents are often unaware of the fact that they encourage unhealthy competition between brothers and sisters.

"Now, I don't want to imply that we aren't interested in the pre-schoolers, and that the program is concerned only with college students and parents," says Nield. "Our program for children is thorough and the staff, led by Betty Kaiser, is professional. As a matter of fact, Georgia Hastings, constultant on elementary and pre-school education for the Nevada Department of Education, has aid that the ECC program for pre-schoolers is one of the best pre-schoolers is one of the best in the state."

Apparently Elko parents are satisfied, for the center is now operating at capacity enrollment, and no more applications for children to get into the program are being

Exes: Dan Wornek, '72 ECC grad in corrections, is attending UNR. John Wilson, another '72 ECC grad in corrections, is bound for UNR. Linda Headley, who studied here in '71-'72 is enrolled at Weber State. Shelley Adair, also '71-'72, is now at Southern Utah, where she nlavs siris' Exes: Dan Wornek, '72 ECC Utah, where she plays girls' varsity basketball.

Coming Up: Don White and John Nield have taped a series of question-and-answer programs called "You and Your Child," to be aired on KELK. If Elko's response is positive — which means, if you have questions — the program will be regular. Call them in to John Nield....The Elko Boxing Club travels to Stewart for its next series of matches on January 19.

Regents Scold Faculty Senate

LAS VEGAS (UPI) — The University of Nevada Board of Regents chastised the Faculty Senate at Reno Friday for proposing the Western Nevada Community College be prevented from offering courses parallel to those at the Reno campus.

Regents said the proposal did not take students into consideration and was an attempt to by-pass administrative channels. Regents referred the matter to the university administration for study.

administration for study.

Jo Deen Flack, chairman of the Reno Faculty Senate, told regents Friday duplicate courses being offered at the Reno campus and the Western Community College could cause both schools to suffer from a limited enrollment.

"We feel this type of duplication also encourages duplication in faculty, support services and facilities," said the UNR faculty

senate chairman.

senate chairman.

She said the problem could be the target of a task force study. The Reno faculty senate approved a resolution unanimously Jan. 24 which said "the dupilcation of university parallel courses in Western Nevada be eliminated and that the University of Nevada, Reno, be given priority in such courses."

"The intent of this motion is to work

"The intent of this motion is to work with and not against the community college," said Mrs. Flack.

Regent chairman Harold Jacobson said the purpose of the community college system was to serve those who could not attend the Reno or Las

Vegas campuses.
"I'm afraid that the thought behind this was to take care of the professors and the money. We need to approach it as what is best for the kids," said Jacobson in asking that the matter be referred back to the administration.

. Fred Anderson said the issue involved numerous complexities which could not be dealt with in a

regent meeting.
"I'm critical of the action of the
UNR senate in that it didn't go through administrative channels," said regent William Morris. "It is an attempt by the faculty to ad-ministrate. I'm shocked to hear ob-

"I have advised many students to go to community colleges. Why should they pay more at the campus when they can get the same for less," said regent Helen Thompson. A com-munity college credit is about \$14 cheaper.

cheaper.

In other action Friday regents agreed in general to establish task forces to study such issues as duplication of instruction, tenure, graduate placement, research and other issues. Regent Fred Anderson proposed creation of the task force approach.

Jacobson will meet with campus officials in the near future and four to six task forces are expected to be formed or outlined by the next regent meeting.

meeting.

Regents also took the following

action:

-Agreed to include the sale of 164 acres in Reno south of Mills Street and west of Boynton Lane in its sale of 188 acres at the main station farm.

188 acres at the main station farm.

Established as a separate research laboratory the seismological laboratory at Reno with its director reporting to the dean of the MacKay School of Mines.

Referred back to the chancellor's advisory cabinet a proposal endorsed by acting Reno president James Anderson to boost the pay for graduate fellows by 150-dollars.

Set a \$500 per credit ceiling on faculty salaries for summer instruction.

Changed the leave policy for

struction.

—Changed the leave policy for faculty by allowing five days per year for a family illness. Regents also approved unpaid child-rearing leave for either parent for a maximum of one year. The leave policy now also allows the use of accumulated sick leave for a temporary disability, including child-bearing.

Don Morris Elko College Cage Coach

Dr. William Berg announced today that Don Morris will serve as basketball coach for North-ern Nevada Community College this season.

this season.

Morris played basketball for Eliko High School and for Brigham Young University, and has coached various area teams since his graduation from BYU.

All individuals having an interest in participating on the basketball team are invited to attend a kick-off meeting to be held Tuesday at 7:30 p.m. in the junior high school gym, Morris said. To be eligible to participate in the program, an individual in the program, an individual must register for a minimum of 6 units of college work, he concluded. 9/10/13 EOFP

Utah Tech Routs NNCC by 141-45

By Doug Harper
The Utah Technical College
(at Provo) Wolves handed Northern Nevada Community College
its ninth loss in a row Saturday
humiliating them, 141-45, in the
junior high gym.
The win completed the sweep
of a two game series in Elko for
the Wolves. The winners had
seven men in double figures and
all 10 men scored at least once.
Lightning-quick guard Steve
Hodsin paced Utah Tech with 30
points.

The Wolves' lowest scoring period was in the first 10 minutes when they scored 22 points com-

pared to Elko's 10. Kory Soren-sen and Alan Jackson had 13 of the Wolves' points in the period while Clarence Munsum and Rob Regnier had eight of NNCC's paints

Regnier had eight of NNCC's points.

The visitors exploded for 38 points in the next 10 minutes, paced by Neal Porter's and Hodsin's eight points each in the period. Elko scored only 12 points to give the Wolves a 60-22 halftime lead.

Dave Gibbions scored 10 points for the Wolves in the first 10 minutes of the second half, while their defense held the Cowboys to 14 points, to give them a 93-36 lead with 10 minutes left in the game. Ralph Johnson had eight points in the period for eight points in the period for

Eiko.

The Wolves had their most productive period in the last 10 minutes as they scored 45 points and limited Eiko to only nine points, Gibbions and Hodsin had 13 points each to pace the blue and yellow ciad visitors.

Besides Hodsin's 30 points for the Wolves, Sorensen had 25, Gibbions had 23, Scott Heinecke and Jackson had 15 each, Porter had 12, and Dave Matson had 10.

Johnson paced the Cowboys with 20 points and numerous rebounds while Munsun added 13 points.

Wildcats Top NNCC

Western Nevada Community College placed seven men in double figures yesterday when the Wildcats beat Northern

Nevada Community College, 110-63, in the junior high gym. The Wildcats jumped into the lead and never looked back as they picked up their second win of the year against no losses, while Elko's record moved to 0-

The teams conclude the two-

game series this afternoon.
WNCC led at halftime, 54-36.
Former Fernley High standout Rich Rhyno paced the Wildcats with 17 points and Grant Fine added 16. Other high scorers for WNCC were Ruben Martin with 16 points, Chris Crom and Phil Klevmoen with 13, Roger Peterson with 11, and Dwight Lindeman with 10 regists points.

For the Elko team, Ralph Johnson took game honors with 25 points. Rob Regnier added 19 and Mike Abe had 11.

WNCC Takes Verdict From NNCC

Western Nevada Community College completed a sweep of its two-game basketball series with Northern Nevada Community

Northern Nevada Community College over the weekend, by downing the Elko squad, 121-68. The Wildcats held a 64-30 lead at halftime as they improved their season record to 6-6. NNCC fell to 6-12 with the loss, with two games left in play.

fell to 0-12 with the loss, with two games left to play.

The Cowboys conclude their season on Friday and Saturday, Feb. 1-2, against Northwest Nazarene College in Idaho.

Ruben Martin led WNCC with 29 points, Roger Debenham and Roger Peterson had 18 points each, John Rosahad 16 and Kress had 10.

For NNCC, Ralph Johnson had 39 points for game honors and collected 14 rebounds and Rob Regnier netted 19.

Rob Regnier netted 19.

Northern Nevada Community College will play its first home basketball game of the season tomorrow at 4 p.m. in the junior high gymnasium against West-ern Nevada Community College. On Saturday, at 1 p.m., the two teams will conclude the

weekend series.

Registration Scheduled

Registration for the Child Development Center at Northera Novada Community College will be held Friday, it was announced today by Dr. William Berg, college executive vice-president.

Registration for pre-school children three years and older will take place at the new college campus, 901 Elm Street, from 9 a.m. until noon.

The new supervisor for the Child Development Center will be Mrs. Dianne White. Mrs. White is a graduate of Brigham Young University and has taught in the public schools.

In conjunction with the Child Development program, Mrs. White will be teaching Child Development 131, "Teaching the Young Child", Monday evenings at the college.

GREETING STUDENTS during registration at Northern Nevada Community College yesterday were Welcome Wagon hostesses Ethel Aldrich (seated left) and Irene Howell (seated right). The hostesses gave Campus Welcome packets to all students registering. The packets included welcomes from city and state officials, voter registration information, a map

of the city, coupons for free or discounted merchants and information on the driving laws in Nevada. Signing the Welcome Wagon guest register is Sheila Smith, a nursing student at NNCC and a new Welcome Wagon hostess. The college's student body president, Bob Lage, is shown receiving one of the packets.

College Registration Still Open

Registration for fall semester classes at Northern Nevada Community College will remain open through Friday, according to Dr. William J. Berg, executive vice-president.
Individuals interested in enrolling should stop by the college for scheduling help, or call 738-8493 for information.
Most classes are still open, especially those in occupational areas such as typing, shorthand, clothing construction, electronics, real estate, and law enforcement.
At the end of the first full week of registration, 225 students had enrolled at the Elko campus, Berg said. Registration is continuing at the Winnemucca and Ely centers.

Ely centers.

APPROXIMATELY 160 full-time and part-time students registered yesterday for fall classes at Northern Nevada Community College, a college spokesman said. Students are shown in the top photo discussing their class schedules with instructors, pictured from left behind the table, Shelley Hanna, Dr.

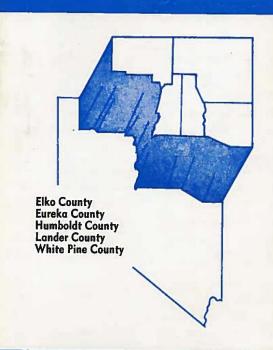

David Emerson and Charles Greenhaw. After filling out their schedules and having them approved, the students lined up at the registrar's office (bottom photo) to pay their registration fees. Classes begin on Monday and registration continues until Sept. 7.

Registration For Class Scheduled

Registration for the Northern Novada Community College-sponsored first aid course in emergency medical training will be held beginning at 7:30 tonight at Elko General Hospi-

The course is free and is limited to 20 persons.
Closing registration will be on Sept. 25 at the college. The class will last 40 weeks.

Total 3,190

RENO (Special) - The community college system that had its beginning in Elko enrolled over 8,000 students during the fall of 1973. More than 600 of these were enrolled at Northern Nevada Community College.

A total of 8,517 people are stu-dents in Nevada's three com-munity colleges with 610 at Northern Nevada Community College in Elko, 4,717 at Western

College in Elko, 4,717 at Western Nevada, and 3,190 at Clark County Community College. Full-time equated student figures show 1,454 at Western Nevada, 1,300 at Clark County and 197 at Northern Nevada for a total of 2,960.

Classes have been offered in 20 different locations in the 20 different locations in the state, making some community college services available within an hour's driving distance for 98 per cent of the state's population, College classes took place in Carson City, Reno, Stead, Incline Village, Gardnerville, South Lake Tahoe, Fallon, Hawthorne lage, Gardnerville, South Lake Tahoe, Fallon, Hawthorne, Yerington, Lovelock, and the State Prison; Elko, Win-nemucca, Wells, Owyhee, and Ely; Las Vegas, Henderson, Tonopah and the MDT Skill

Center.

Evening classes dominate the scene at all three colleges with 56 per cent of the classes being offered taking place after 5 p.m.

The community colleges offer four broad types of programs occupational, university paral-

lel, community service and developmental. A little over 60 per cent are enrolled in occupational programs; these are the programs in which the colleges concentrate so that students can enter the labor market upon completion of the program. Over half of these students are enrolled in business programs enrolled in business programs such as accounting, business management, data processing, merchandising, money and banking, office administration, secretarial, and real estate.

The next most popular group of programs is the public service programs. These include child development, fire science, food service, hospitality industry, law enforcement, corrections, and library technology. The number of students in

health occupations programs has more than doubled in one year, largely due to the number of students in these programs at Western Nevada Community College. Students can become practical nurses, registered nurses, medical assistants, mental health technicians, operating room technicians, radiologic technicians and occupational safety technicians upon completing these programs. Industrial and technical prog-

rams have not attained the popularity of other programs but nevertheless are increasing at a steady rate, a spokesi commented. Included among are automotive.

technology, construction technology, electronics, draft-

Enrollment 610 at Elko State College Tops 8,000;

ing, highway technology and

graphic arts.
A fifth cluster of programs is offered only at Northern Nevada Community College where students can enroll in agricultural technician programs. Students can study farm mechanics and livestock management.

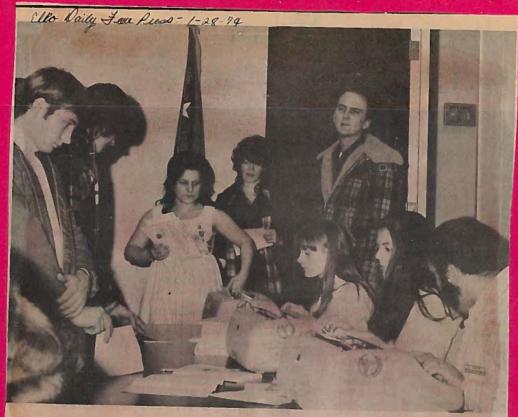

Over 25 per cent of the stu-dents are enrolled in university parallel programs. These students are taking courses that will enable them to transfer to the state universities in such subjects as anthropology, art, education, English, foreign laneducation, English, foreign lan-guages, journalism, mathema-tics, music, philosphy, physical education, biology, chemistry, geography, geology, physical science, physics, zoology, economics, history, political sci-ence, psychology, sociology, and speech.

Among the services rendered by the colleges is the offering of community service or adult education courses. These are courses designed largely for adults who do not wish to pursue a particular degree program but who wish to attend classes of interest to them avocationally, or to upgrade certain skills or to increase their abilities to participate in leisure time activities. Courses in adult basic education, English as a second language, painting techniques, home auto tune-up and repair, (Continued on Back Page)

Continued from Front Page (Continued from Front Page) fly tying, photography, wood-working, upholstery, need-lework, conversational foreign lework, conversational foreign languages, Chinese cookery, cake decorating, sewing, folk dancing, and parliamentary procedures are among those courses being offered. Many developmental courses are offered to give students a chance to improve their basic

chance to improve their basic English, and mathematics. New tutorial methods of teaching have proved most effective in helping students in these areas so that they might qualify for more advanced courses

Part-time faculty play a large role in teaching classes for the colleges. Fifty-eight per cent of the classes offered are taught by part-time faculty, thus making use of the expertise of people in local communities who are skilled in special subjects.

A TOTAL OF 245 full and part-time students signed up for classes offered at Northern Nevada Community College dur-ing the first day of registration of Friday, according to Gary Kramer, registrar. He added this figure compares to 141 stu-

dents for the Spring semester last year. Registration will con-tinue through Friday. College work study students, from left, Sue Sims, and Annette and Charles Morfin are shown typing

Elko College Counts 369 at Spring Term

Registration figures compiled this week at Northern Nevada Community College show 369 students have signed up for classes during the first four days of the spring samester. of the spring semester.

or the spring semester.

Dr. William Berg, executive vice president of the institution, reported that first-week total represents a growth of more than 50 per cent over last year's spring semester count of 255 and is the greatest number of students enrolled for spring semes-

ter classes during the six-year history of the college.

Berg noted the figures released are for the Elko campus only, and total enrollment is expected to increase substantially with programs planned in other northern Nevada communities, to include Ely, Winnemucca, Wells, Owyhee and McDermitt.

Registration will continue on the Elko campus through tomorrow, Berg noted, and will extend into next month for the prog-

row, Berg noted, and will extend into next month for the programs being offered in neighboring communities.

That total of 369 was broken down to show 116 full time students are attending classes at the two new buildings on the Elko campus, along with 253 part time students. That figures out to a "full time equivalent" enrollment for the current semester of 171, and Berg said he expects the FTE enrollment to rise above 200 when the courses in the other communities have been started and counted.

These statistics compare with 80 full time and 146 part time stu-dents and an FTE enrollment of 118 for the full spring semester program one year ago.

Dr. Berg noted that the two new buildings in Elko, completed during the past year, include a vocational-technical building of 18,000 square feet that was built at a cost of \$583.000, and a learning resources building (which houses the new library) of 17,000 square feet, erected at a cost of \$719,000.

The faculty at the college now includes 13 full time members — nine full time instructors, three administrators and one librarian; and Dr. Berg reported the annual budget for Northern Nevada Community College this year stands at \$438.418

College 2-1-74 Enrollment ncreases

Dr. William Berg, executive vice-president of Northern Nevada Community College, announced today that about 240 students registered for college courses on the main campus in Elko last Friday. Berg noted that this was a substantial increase over the first day figure of 1973.

Since registration on the main

Since registration on the main

Since registration on the main campus remains open until February 1, final enrollment figures will not be available until mid-February, he added.

Berg said that according to preliminary reports from his administrative assistant, the enrollment from the extension centers is progressing at a enrollment from the extension centers is progressing at a steady rate. Fifty students have already signed up in eight d. ferent classes in Winneumueca and plans call for added enrollments in Ely, Battle Mountain, McDermitt, Carlin, Wells, and Owyhee. Final registrations at the centers will be completed in February, he concluded.

5/25/74 W.P Registration Set June 11

Registration for the summer session at Elko Community College will be held Monday, June 11, in the registrar's office at the new college vocational-technical building on Elm

technical building on Elm Street.
Classes will begin on June 12 and run through July 24.

Garden Class Draws 'Green Thumbers'

About 100 Elko residents went back to school last night to learn about gardening. The old and the young were there, with veterans as well as novices scattered through the crowd.

Richard Post is the teacher of

the classes which will be con-tinued for the next two nights at the Northern Nevada Community College. He is a horticulturist from the extension division of the University of Nevada Reno. Local arrangements were made by Irving Hackett, county agent.

Emphasis was placed on a study of soil at the two-hour ses-sion held last night.

Sum neid tast might.

Humus was described as necessary for a successful garden, either decayed organic or animal matter. Post said that peatmoss, manure, barks, compost and sawdust can be successfully and sawdust can be successfully. sfully used in preparing the ground, with compost getting the highest rating and sawdust the lowest. The soil should be prepared from six to seven inches deep.

The instructor told how to pre-

The instructor told now to pre-pare compost and said it would take from six months to a year before it is ready to be turned into a garden. Generally speak-ing, he pointed out, the compost

is right when it crumbles when

is right when it crumbles when worked with the hands.

Turning his attention to inorganic fertilizers, Post pointed to some of the chemical elements which go into them, nitrogen being one of the most important. He warned against burning in the use of such fertilizers and the necessity of following instructions closely.

Two sets of slides were shown during class, one on ornamental plants where root systems were explained and soil amendments

explained.

Various types of soil were displayed by Post and students were invited to examine them to learn the differences between good and bad.

Those desiring were urged to bring samples of the soil they will be working to tonight's ses-sion, where it will be tested. Tonight the class members will make a terrarium and other aspects of house plants and their propagation will be discussed.

The final session will be devoted to growing the home vegetable garden and using flowers effectively, both annuals and perennials.

Classes are free to the public.

well Peoples 9-21-73 NNCC to Offer Typing And Shorthand

The committee members

The committee members indicated that the need for formal training and classroom instruction does exist in Elko County, and a college credit class was tentatively proposed to start near Enhance.

class was tentatively proposed to start next February.

Rodney Hannon of the Nevada Division of Forestry will be the instructor. He reported that many classes and activities would be team taught and that the program would be offered at both Elko and Wells.

The next meeting of the advis-ory committee will be held at the Wells Fire Department at 7:30 p.m. on Wednesday, Dec. 5. Al interested persons are invited to

Fire Science Class Slated

The newly formed advisory committee on Fire Science met this week at Northern Nevada Community College.

The committee members indicated that the need for formal training and classroom instruction does exist in Elko County, and a college credit class was tentatively proposed to start next February.

class was tentatively proposed to start next February. Rodney Hannon of the Nevada Division of Forestry will be the instructor. He reported that many classes and activities would be team taught and that the program would be offered at both Elko and Wells.

The next meeting of the advisory committee will be held at the Wells Fire Department at 7:30 p.m. on Wednesday, Dec. 5. All interested persons are invited to attend.

Alternate Semester Offered at College "Non-traditional education is currently enrolled students who

becoming a way of life at North-ern Nevada Community Col-lege," according to Dr. William

Perg.
"Once again this year the college will depart from traditional college scheduling and begin a compaster next month, new semester next month, offered as an alternate to the regular fall semester currently under way," Berg said.

Dr. Berg said class scheduling for the 1973 alternate fall semester is nearly complete and courses will be available in all areas: university transfer, community service, and develop-

munity service, and develop-mental skill building. "The alternate semester gives us more flexibility in serv-ing a greater variety of stu-dents," Berg explained.

Veterans are a group served by the alternate semester. Berg said returning veterans or those discharged after the fall semester begins can start using their VA benefits almost immediately with the alternate semester.

"The alternate semester cuts this waiting period in half and represents an initial step toward open and continuous enroll-ment," he said. In addition to veterans and

recent arrivals, the new approach benefits students who miss regular registration due to vacations o work schedules and

wish to take additional classes. The alternate semester func-tions somewhat as a "semester within a semester." Beginning mid-fall, it covers 12 instructional weeks and ends in time for students to register for the spr-

students to register for the spring semester.

Individual class meetings are lengthened due to the accelerated time period. However, all classes carry full college credit and cover the same content required during regular semesters.

All student services are open to alternate semester students. The college offers financial aid to qualified students, including scholarships, grants, loans, work-study assistance, and part-time employment. As well, national guard assistance and

national guard assistance and VA benefits are applicable. Tuition for the alternate semester is the same as for any regular semester.

The college maintains an open door policy, admitting any high school graduate or adult capable of profiting from continuing education. Two-year associate degrees are offered in the arts, general studies, and applied science.

general studies, and applied scrence.

Dr. Berg said students interested in the alternate fall semester should apply now at the college or call 738-8493 for information.

E107P-12-15-Drug Abuse

Drug abuse education will be the subject of a special commun-ity service course offered by Northern Nevada Community

Northern Nevada Community College during the January Interim period, Bernard S. Sadowski of the college announced today.

The course will carry one credit and the cost is \$15. Mrs. John Perry will instruct the class to begin Jan. 7. Further details are available from the college, 738-8493.

New Cooperative **Program Announced**

CAL McKIBBIN

Northern Nevada Community College is offering new prog-rams this spring semester in Cooperative Vocational Education and Middle-Management

Cal McKibbin joined the col-lege staff late last semester to establish the programs.

According to McKibbin, through the cooperative voca-tional education program, the college is working closely with Elko Junior-Senior High School and the college vocational prog-ram will be an extension of the present program offered in the high school.

The college will be offering the student a chance to study and have cooperative work experiences at a more advanced level than offered by the high school, McKibben stated.

McKibben stated.

The cooperative program is aimed at the student who will enter business or industry after completion of two years at the college. The student will be placed in cooperating retail or service-type businesses for part-time employment where they will be working in and learning about all phases of business, he added.

In addition the student will attend classes at the college in

In addition the student will attend classes at the college in courses directly rated to his onthe-job training.

The middle-management program is designed to develop fundamental skills, knowledge, attitudes and experiences in the young person who is interested in training for a position of responsibility, such as a super-(Continued on Back Page)

visor or a junior executive in

business.
Students from the automotive, Students from the automotive, electronics, and business-secretarial programs are eligible for cooperative on-the-job training, McKibben stated. There are many advantages for the student as well as the employer in a program of this type, he added.

Three new classes being offered in the middlemanagement field are introduction to marketing and retailing.

tion to marketing and retailing, small business management, and retailing.

These courses are open to cooperative students, other col-lege students and interested per-

lege students and interested per-sons in the community. Registration of classes at NNCC will be held until 8 tonight and will continue until next Friday. Instruction begins on

Monday.

McKibbin comes to Nevada from Nebraska where he was in the retail clothing business for 25 years and managed a chain of stores.

He holds a B.A. degree in business administration and a mas-

ters in business teaching from the University of Nebraska. He came to NNCC in November to work closely with local businessmen on selling the

new program.

He and his wife, Mildred, have two grown children, who are also teachers.

P.D. J. P. 7-19. 14

DR. DAVID EMERSON has filed for the Elko County School Board. He is a professor at Northern Nevada Community College and has been in Elko two years. His educational background includes three years teaching at Dos Palos, Calif., high school and two years at the University of Alaska, Fairbanks. Before coming to Elko he worked with Mead Johnson and Co., a pharmaceutical firm, in the office of science information and regulatory affairs. He is a member of the Elko Chamber of Commerce, Citizens for Private Enserprise, an officer of Elko ReACT search and rescue, and liaison officer for the State Retirement Board at the college. He says he views the "Elko County School District and its Board of Trustees as the finest in Nevada and welcomes the opportunity to contribute his background as an educator in maintaining the excellent quality of education in Elko County."

A.L. COPLEY

Copley Promoted By FNB

Almon L. "Al" Copley has been promoted to Trust Representative II at the Elko Trust Office of First National Bank of Nevada, where he has been assigned since he joined FNB in June 1969. The promotion was announced by A.M. Smith, Chairman of the Board and Chief Executive Officer for the statewide lending institution.

Copley is a native of Kansas City, Mo., educated in upstate New York, then graduated from the University of Michigan with a B.A. in Economics. He earned an M.B.A. from Harvard University's Graduate School of Business.

Business.

Business.

He spent 19 years in sales and general management with Barcaio Manufacturing Co. and with Forster Manufacturing Co., where he held executive positions. Then he specialized for three years of life insurance sales, in personal and business estate planning.

He joined FNB in June 1969 for his Elko assignment and has

He joined FNB in June 1969 for his Elko assignment and has been active in community affairs from the beginning. Presently he is Lay Vice President and Vice Chairman of the Executive Committee of the Nevada Division, American Cancer Society, and Chairman of the Executive Committee, Nevada Home Health Services, Inc. Copley is also an instructor in Real Estate at Northern Nevada Community College. He retired from the U.S. Army Reserve in 1964 with the rank of major.

TWO NEVADA STUDENTS attending the medical school at the University of Nevada, Reno yesterday visited Elko General Hospital along with the dean of the school, George Smith, M.D. Smith (right), Jane Simonsen (left of Elko and Bruce Wilken (second left) of Pioche toured the local facilities as well as hospitals in Ely and Fallon to establish medical student clinical training programs for the summer. They are shown with Georgeanna Smith, R.N., first floor charge nurse, and Delna Day, R.N., (second right) instructor of the Licensed Practical Nursing program at the hospital. The dean and students also met with the Elko County Commissioners to discuss the county's medical scholarship fund.

The credit union is now open to all resi-dents of Elko County, Mrs. Harvell reminded.

NYTC Educational Program Described

Pepper Sturm, director of academic and vocational instruction at the Nevada Youth Training Center east of Elko, Wednesday déscribed the educational program at the center to members of the Elko Rottary (Lith He was introduced). Rotary Club. He was introduced by Hub Stenoish, who is art instructor at NYTC.

instructor at NYTC.

Sturm reported there are now 108 boys at the school, with enrollment down from an average of 147 established for the past few years; and said the age span presently is from 13 to 18 years. He noted the center sometimes has boys as young as 8.

The speaker explained that when youngsters are first sent

the speaker explained that when youngsters are first sent to NYTC they undergo a monthlong series of testing and counselling sessions and are given educational goals which must be attained before the boys are elig-ible for release from the institu-

tion.
After that month of testing, the boys follow individualized schedules in classrooms and are given achievement tests each month to measure their prog-ress toward their goals. Sturm explained boys sent to the NYTC range from truants

and delinquents to murderers; and Intelligence Quotient rat-ings vary from as low as 56 to as high as 140. Because of these variations, the speaker said, the variational program is designed to provide a maximum amount of individualized instruction, achieved with a ratio of 10 students to each

teacher and with the use of teachers' aides who provide individual tutoring. When a boy attains the educa-tional goal that was established at the time of his commitment to the school he is recommended for release and assigned to the "recommended class", where emphasis is placed on orienta-tion toward finding and holding jobs when the paroled boys jobs when the paroled boys return to community life.

During that final stage, the same tests that were adminis-tered at the time of commitment are again given to measure educational response. Sturm said the boys stay an average of eight months at NYTC and the test comparisons indicate the boys in the lower half, in terms of academic preparedness, at commitment time have improved by as much as five grade levels during nine months at NYTC.

Sturm also said one of the principal challenges at the school is to build self confidence among the boys and he noted most of the youngsters sent to the scho are notably lacking in the characteristic.

He concluded by declaring, "Our measure of success is whether the boys fit back into the community, and we believe we are making great strides."

Also during Wednesday's Rotary meeting, John Moschetti, county assessor, was inducted into membership by Jack Martin and Ceasar Salicchi.

Series of Panel At Elko Museum

A series of four panel programs concerned with The Social Role of Private Property will be conducted at the Northeastern Nevada Museum in Elko on the 6th, 13th and 27th of April. Each program will begin at 7:30 p.m.

These programs are sponsored by the National Endowment for the Humanities and the Nevada Humanities Committee. The purpose of the Nevada program is to involve academic humanists, community leaders and members of the general public in a discussion of "The Role of Law in Modern Society." Such a dialogue would allow Nevadans to make informal

cuss "Access to the Legal System." The discussion will focus on cul-Programs Upcoming tural and economic barriers and present and proposed means to . overcome these barriers.

> The program of April 13 will be concerned about "Private Property and Rational Use of the Environment." Are legal modifications necessary to insure that private property owners have a larger state in preserving and enhancing the environment than in exploiting it?

The third panel, which meets on April 27, will discuss the implications of the fact that much of the property in Elko is in the public domain and is allocated among alternative users by means of administrative law rather than the private market.

concerns expressed by the Elko Community.

The programs are staffed by faculty from Elko Community College, University of Nevada, at Reno, and members of the comallow Nevadans to make informal judgments about the quality of justice in Nevada and serve as a basis for sound planing to improve our judicial system to meet increasing demands placed on it.

The panel on April 6 will dis-

The next unit meeting will be held at noon, January 25 at the Casa de Colores. All interested persons are asked to attend.

Sturm Reviews **NYTC Program** At Rotary Luncheon

Prof. Pepper Sturm, director of academic and vocational instruction at the Nevada Youth Training Center, was the speaker at the weekly noon luncheon of Elko Rotary club Wednesday, describing the educational program at NYTC where he said that the students were "really motivated to complete their education."

The "motivation" as he explained was provided by a regulation which made it mandatory that the boys at the institution complete their educational requirements before they can be released.

Many of the boys come to NYTC without being able to read and receive special training which teaches them to read and thus materially assists them in receiving additional education.

EDJ. 8.8-4-73 Elkoan Attends Conference

Guess what? Our ads do get things sold --- just ask Ron Wilson for a testimony!

Say, Seniors of 1974, how is the contest going regarding the selection of a class motto?

Now that we have the beginnings of a physical education program (tennis and golf this April 1st) developing, how about some of the guys and gals who said they wanted some P.E. showing up at student services and signing up?

WANTED: Used glasses for the Lions Club of Elko. Call 738-3030 and ask for Mr. Dexter Farrell if you have some to donate.

The Chess and Strategic Games Club met Friday, March 8, at 7:30 p.m. in LR 17. Besides exciting chess games, the Club decided to organize all its members on the basis of their win/loss basis as Pawns, Rooks, Knights, Bishops and Kings. The Club wants some girl members so we can have some beautiful chess Queens on the campus. The only member thus far to win Rook status on the strength of a series of brilliant victories is Greg Portrey.

On Friday, March 15, at 7:30 p.m. in LR 17 the Club will simulate the Decisive Battle of Manzikert in 1071 A.D. between the Byzantine Greeks and the Hordes of the Seljuk Turks. All would-be Bonapartes or Joans of Arc are more than welcome.

We were wondering what ABS stands for in last week's editorial in the Roundup?

Congratulations to the Aggie Club on its fine activities last weekend. We understand that the car wash was very successful.

FACT: Streaking originated at Florida State University.

Want to "Go Navy"? Navy recruiting officers will be in the student lounge area on Wednesday afternoon, March 20. Programs will be explained and questions answered for anyone who is interested.

ANNETTE SUSANNE REDANT AND JOSEPH CHARLES MORFIN

Susanne Redant Joseph Morfin To Wed

The engagement of Annette Susanne Redant and Joseph Charles Morfin was announced at a dinner party given by Mr. and Mrs. Ernest A. Morfin at the Owl Club in Battle Mountain August 17.

Owl Club in Battle Modulatin August 17.

The bride-elect is the daughter of Mrs. Jacqueline Redant and Mr. Leo Redant. She is a 1971 graduate of Elko High School and of Elko Community College where she received a degree in

child Development. She is employed at the Star Hotel as a waitress.

Mr. Morfin graduated from Battle Mountain High School in 1967 and is attending Northern Nevada Community College. He is employed at Bel-Court Service in Battle Mountain and is a member of the Knights of Columbus.

Columbus.

An October 20 wedding is being planned.

Susanne Redant, Joseph Morfin Married Here

Wedding rites were conducted October 20 for Annette Susanne October 20 for Annette Susanne Redant, daughter of Mrs. Jacqueline Redant and Mr. Leo Redant of Elko, and Joseph Charles Morfin, son of Mr. and Mrs. Ernest A. Morfin of Battle Mountain.

Mrs. Ernest A. Morfin of Battle Mountain.

The Rev. Frank Hoffman officiated at the double ring ceremony, at St. Joseph's Catholic Church in Elko. Arrangements of orange gladioli with white muns and black and white bows decorated the altar baskets. Orange and white candles were used down the aisle with bows on the pews.

Given in marriage by her father, the bride wore a Victorian style gown of Lagoda crepe and Nottingham lace. Lace banded the high neckine and front bodice. The Camelot sleeve was finished with lace at the cuff. The full diradle skirtlengthened into a chapel train and was finished with a wide lace ruffle. Her waterfall veil was held by a Camelot cap of coordinated lace. The bride carried a nosegay of peach roses, ministure white carrations, and ried a nosegay of peach roses, miniature white carnations, and white stephanotis with white

streamers. Soveida Morfin, sister of the Soveida Morfin, sister of the bridegroom, was maid of honor, Fedy Vigil, aunt of the bridegroom of Hermiston, Oregon, was matron of honor, bridesmaids were Paulette Heguilustoy of Bakersfield, Calif., sister of the bride, Becky Saragoza of Reno, Consuelo Saragoza of Ashland, Ore., Gloris Jaramillo of Battle Mountain, all cousins of the bridegroom, and Connie Bradley of Elko. The maid of honor bridgeroom, and Connie Brad-ley of Elko. The maid of honor and matron of honor wore bright oran. A-line floor length dresse and carried white mum nosegays with orange, black and white streamers. The brides-maids wore marigold A-line floor length dresses and car-ried one orange long stem mum with orange black and mum with orange, black and white streamers.

Serving as flower girls were

Monique Heguilustoy of Baker-sfield, Calif., niece of the bride, Kathy and Karen Sink of Battle Kathy and Karen Sink of Battle Mountain, cousins of the brideg-room. They wore orange and white checked A-line floor length dresses. Monique and Karen carried baskets with small arrangements and Kathy carried a basket with orange and white netals.

carried a basket with orange and white petals.
Ricky Saragozo of Battle Mountain served as best map, and Tranky Vigit, David Ramsdell, Tony Salvadierra and Gilbert Jaramillo, Steve Allgood and Andy Baum were ushers. Candle lighters were Felipe and Randy Vigit. Michael Morfin carried the rings.
For her daughter's wedding, Mrs. Redant chose a navy blue suit and matching accessories. The bridegroom's mother wore beige floral print floor length town with white accessories. Both had corsages of white carnations and peach colored roses.

sown with white accessories. Both had corsages of white earnations and peach colored roses. A reception followed the ceremony at the Stockmen's Convention Center given by the bride's father. The Center was decorated in orange and white. See Sims was in charge of the guest book.

The bride is a graduate from Elto High School and Elko Community College with a degree in Child Development.

The bridegroom graduated from Battle Mountain High School in 1967 and attended the University of Nevada for one year. The newlyweds are both attending Northern Nevada Community College.

Mr. and Mrs. Morfin honeymooned at Las Vegas and Reno, and are now a home in Elko.

Mrs. Morfin wore a burgundy pantault for her going-away out-

Northern Nevada Community College in Elko was granted full accreditation by the Northwest Association of Secondary and Higher Schools at the annual summer meeting of the Higher Commission held in Seattle yesterday.

Dr. William Berg, Executive Vice-President of the college, stated, "We are extremely pleased to achieve the goal of accreditation. It's a real tribute to the work of our faculty, staff, and students and to the community for its excellent support and backing."

Northern Nevada Community College began as a private college in 1967 and came under the University of Nevada System in 1969. The college was accepted as: a correspondent for accreditation then, and admitted to candidacy in 1971 before achieving full accreditation.

Over 1,000 students were served by the college last semester with a fulltime aquivalent enrollment of 241. The college serves the five northeastern counteies of the state -- Elko, Eureka, Humboldt, Lander and White Pine.

Dr. Charles Donnelly, President of the Community College Division, said, "This accreditation makes a milestone for community college education in Nevada for it is the first such accreditation for a community college in the state."

Western Nevada Community College and Clark County Community College which both fregun operation in 1971 have been admitted as candidates for accreditation and will have accreditation visits in 1975

Dr. William Berg, Vice President Northern Nevada Community College Elko, Hevada 89801

Dear Bill:

I want to compliment you and all the members of the faculty and staff at the college on achieving full accreditation. I think this is a really remarkable achievement in the length of time that was available to accomplish it, and I can only tell you how pleased I am personally with the progress of the college. I know this will be a load off your shoulders and will give you an opportunity to concentrate on other aspects of the college you wish to improve.

With best regards.

Sincercly yours,

Hugh S. Collett, M.D. Elko Clinic
